

PROBLEM SOLVING

WITH BRYAN LOK & JUSTIN ONG

DEFINITION:

SOLVING A PROBLEM

DEFINITION:

**THE PROCESS OF FINDING SOLUTIONS TO
DIFFICULT OR COMPLEX ISSUES**

PROBLEM SOLVING

1. IDENTIFY THE ISSUE

2. FIND A SOLUTION

+

3. PREVENT FUTURE PROBLEMS

STEP ONE

IDENTIFY THE ISSUE

WHAT IS THE PROBLEM?

WHAT CAUSED THE PROBLEM?

WHO DOES THE PROBLEM AFFECT?

IS IT WITHIN MY CONTROL?

little Timmy

TIMMY HAS A PROBLEM!!

why are you late for
class again Timmy

oh no

moon.png

homework.png

I am disappointed in
you, Timmy

**TIMMY IS ALWAYS LATE FOR CLASSES,
BECAUSE HE DOES HOMEWORK LATE AT NIGHT.
IT AFFECTS HIMSELF, THE TEACHER, AND THE CLASS.
IT CAN BE SOLVED BY TIMMY.**

STEP TWO

FIND A SOLUTION

HOW TO STOP/REDUCE THE ISSUE?
CAN SOMEONE/SOMETHING HELP?
HOW GOOD IS THE SOLUTION?
AM I GIVING UP TOO EASILY?

$$a^2 + b^2 = c^2$$

no videogames before homework

go to sleep bro

ok bro

Ugh I hv a headache I am incapable of rest

I gon be late again

I must not give up to yield results

**DO HOMEWORK DURING THE DAY SO HE CAN SLEEP AT NIGHT.
SET A REMINDER ON THE PHONE FOR SLEEPING EARLY.
IT IS A GOOD SOLUTION THOUGH NOT A PERFECT ONE.
DO NOT GIVE UP, TIMMY!**

STEP THREE(BONUS!!)

PREVENT FUTURE PROBLEMS

BRAINSTORM FUTURE PROBLEMS

PREDICT FUTURE PROBLEMS

MAKE A **PLAN B**

PLAN SO THAT PROBLEM DOES NOT HAPPEN

WHAT IF PHONE ALARM DOES NOT WORK?

WHAT IF I CANNOT SLEEP?

WHAT IF CANDICE WANTS TO
WATCH A MOVIE AT NIGHT AGAIN

BRAINSTORM/PREDICT

WHAT IF THERE'S TOO
MUCH HOMEWORK?

FINALS WEEK?

MAYBE SET MULTIPLE ALARMS

I CAN TAKE NAPS
WHEN I GET HOME

WHO IS CANDICE

PLAN B/DO PLANNING

START DOING HOMEWORK WAY
BEFORE THE DUE DATE IF POSSIBLE

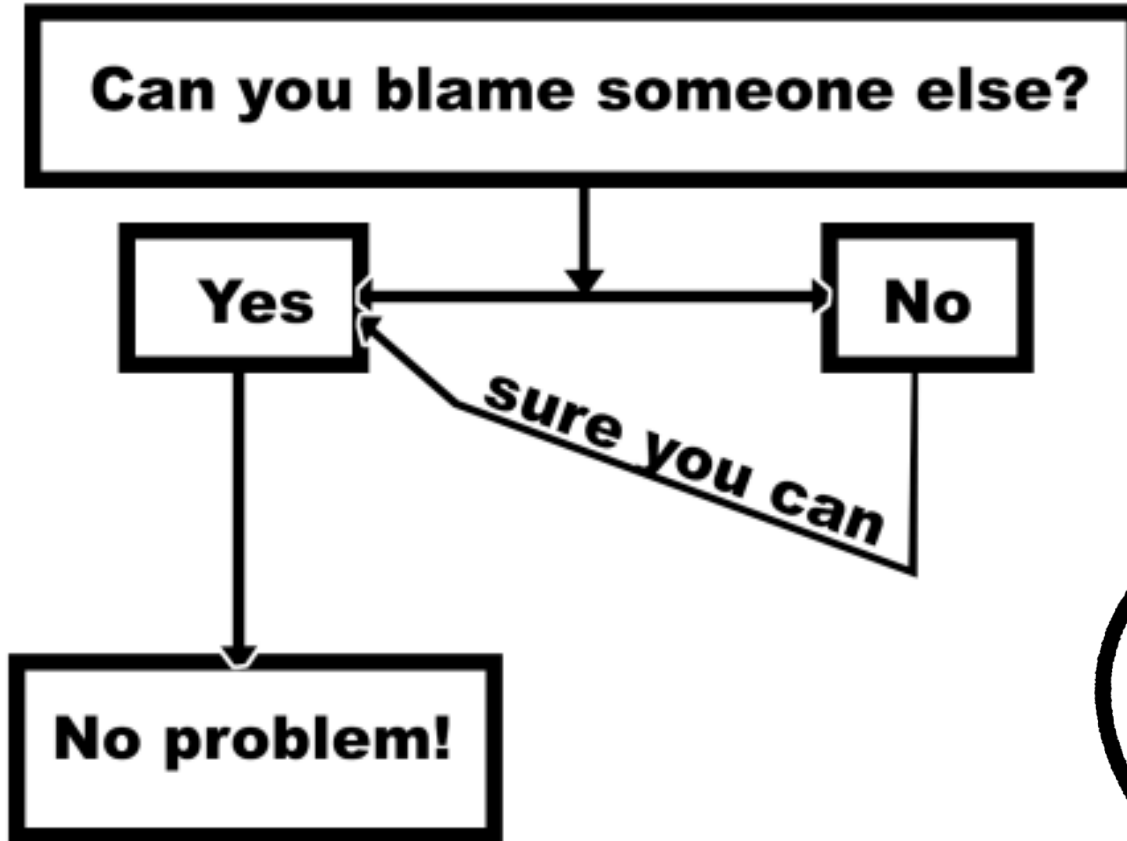

DO NOT ONLY STUDY FOR
TESTS THE NIGHT BEFORE

**THANK YOU FOR
YOUR TIME!**
